2019 EAST CLEVELAND KLONDIKE GRAND PRIX

A VELO29 CYCLING EVENTS ELITE PROMOTION

Part of the HSBC UK | National Series.

Thank you for your entry for the 2019 Klondike GP, the 3rd edition of the men's event and inaugural edition of the women's event.

The event is brought to you by the established Velo29 Events Team in cooperation with Big Local, a Lottery funded organisation who exists to regenerate the area of East Cleveland.

We acknowledge Big Local's contribution in funding and working in cooperation with Velo29 Events to deliver these Elite events.

We look forward to welcoming you to East Cleveland and wish you a successful and enjoyable visit.

Event Director: Richard Williamson

richard.williamson@velo29.com 07846341896

200a Guisborough Road, Nunthorpe. TS7 0JG

(N.B. e-mail most effective method)

Race Director: Geoff Lloyd

grlloyd@msn.com

48 Frenchgate, Richmond. N. Yorks. DL10 7AG

Event Security

This event is held in a heavily populated area and as such we recommend that security be considered at all times.

Driving Standards

We have been advised by Cleveland and Durham Police that, while they accept positive, assertive driving within the convoy, bad driving is not acceptable and any incidence will be dealt with in real time, not post event.

The traffic management for the event will utilise a rolling road closure and, under the Section 16a TTRO, the speed limit will be raised to 60mph for the duration of the closure. As with all speed limits, this is the maximum speed when it is safe to do so. Being within the speed limit does not infer safe driving is being practised.

Event Officials

Chief Commissaire:

Women

NATIONAL SERIES ROAD

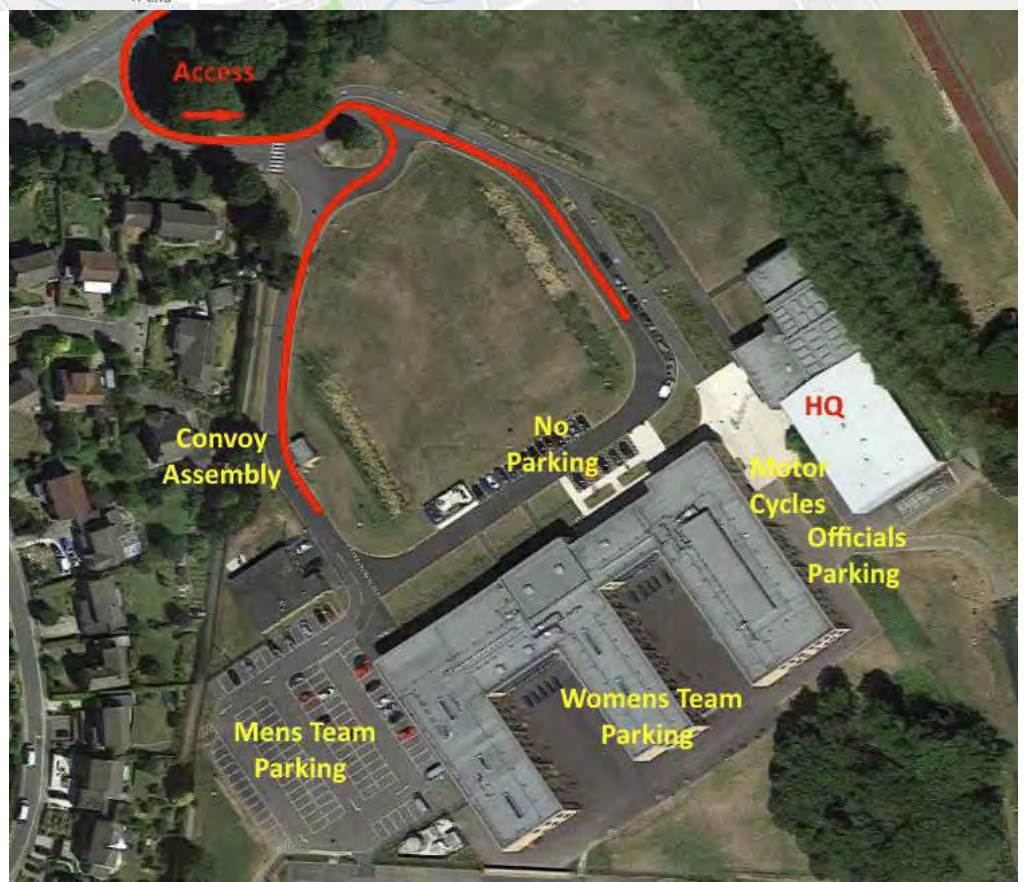

Headquarters:

Laurence Jackson School, Church Lane, Guisborough TS14 6RD.

Access – The High Street in Guisborough will be closed, please follow the above, Sat Nav may take you to the closure. The HQ will be signposted.

Parking – Parking is adequate but not extensive. Please be considerate and use the smallest footprint possible.

Event Schedule

Women

06:45	HQ Opens
07:00	Sign on opens
08:00	Sign on closes
08:05	Driver briefing/Team Manager meeting
08:40	Rider assembly for transfer to start
08:55	Rider presentation on the start line
09:00	Elite race start
12:00	Elite race finish and presentation

Men

10:30	Sign on opens
12:00	Sign on closes
12:30	Driver Briefing/Team Manager meeting
13:10	Rider assembly for transfer to start
13:25	Rider presentation on the start line
13:30	Elite race start
17:30	Elite race finish and presentation

Sign On & Briefings

These will be in the sports hall on the ground floor for officials, drivers and team managers and on the start line for riders if required.

Changing

Facilities are located in the sports building and will be signposted.

Race Numbers

Riders will be issued with a pair of body numbers (incl pins) to be attached either side on the rear of the jersey and a frame number (incl zip ties) to be attached to the cycle in the area behind the seatpost or above the rear brake. Race numbers should not be folded, cut or otherwise disfigured and are non returnable.

Timing

Riders will be issued with transponders (incl zip ties) from HS Sports at sign on. These are to be attached to the base of the front forks on the opposite side from the QR lever.

Chips **MUST** be returned to sign on at the end of the race before riders leave. Licences will only be returned in exchange for a chip, any not returned will be invoiced to the respective rider/team at £75.

Team Cars

Teams with three or more riders signed on are permitted a team car in the convoy. The car must be suitable for purpose, equipped with a radio and have a driver and separate mechanic.

Cars must not be greater than 1.66m high. Drivers must be endorsed as Team Managers by BC and licences must be presented at sign on for checking. The convoy order will be drawn by the Chief Commissaire at the team manager briefing.

Communications

The licensed BCF UHF based system will be used. Teams must provide their own sets, officials' sets will be provided. Please assist the sign on staff by returning all equipment promptly at the end of the event. A Radio Tour facility will be in operation for teams (listen only) on a channel to be notified in the briefing. The terrain can be challenging to communications, especially if the race splits, please be mindful of the potential issue.

Convoy Assembly

The race convoy will assemble in the HQ car park and access roads as below. Please leave room for traffic to manoeuvre. Drivers should ensure their vehicles fully signed, radio equipped (checked). The assembled convoy of vehicles and riders will be escorted to the start.

N.B. Riders **MUST NOT** go independently to the start.

Introductions

On arrival at the start, riders should position themselves, preferably in teams, in the assembly area short of the line, to permit introductions to the spectators prior to taking up their position on the start line. Riders to be presented will be forewarned.

Public Conveniences

As well as at the HQ, there are facilities adjacent to the start in Sunnyfield House which will be signposted. Observed failure to use appropriate facilities may result in disciplinary action.

Convoy Operation

Will be at all times under Commissaire control and vehicles should not reposition without their approval.

Servicing

Servicing and feeding shall be strictly under Commissaire control. Two Neutral Service vehicles and a broom wagon will be present.

Servicing is only to be carried out when stationary on the left hand side of the road.

Comfort Breaks

Officials' vehicles dropping out of position in the convoy should be notified to the appropriate Commissaire and, where their position is essential to the safe conduct of the race, no such stop shall be made until a substitute vehicle is in position.

Convoy

-  Police Command Car
- x15  Police Motos
- x15  NEG Motos
-  Announcer
-  Moto Commissaire 4
-  Blackboard
-  Lead 2
-  Neutral Service 2
-  Lead 1

Riders

-  Chief Commissaire
-  Neutral Service 1
-  Medic 1
-  Team Cars
-  Commissaire 3
-  Medic 2
-  Broom Vehicle/commissaire 5
-  Police Rear Vehicle

Road Use

The race is covered by a rolling road closure under Section 16a of the Road Traffic Regulation Act 1984. This enable stoppage of traffic in the vicinity of the race by police with ongoing hold as necessary by mobile and static marshals. The convoy will be escorted from the HQ to the start on roads closed to public traffic but care must exercised.

Riders and drivers must remain vigilant at all times to any third parties failing to observe the controls and be aware that the existence of the road closure does not confer use of the full road width by default.

Traffic Management & Marshalling

Moto marshalling will be provided by a team of 15 Police riders supported by 15 NEG riders. A team of static marshals, essential to the safe conduct of the race, has been recruited and trained. A number of important junctions have been identified which are manned by marshals empowered to stop traffic. All marshals must have hi-visibility tops, red flag, whistle and agreed means of communication.

Marshals should be polite and courteous at all times with other road users, should conflict occur, this should be handled by the Police contingent.

Neutralised Zone

The race will be neutralised for 4km from the start line to the right turn onto Sandy Lane after passing through Dunsdale. The convoy will be under Red/White chequered flag control by Comm 2. See figure under course maps.

First Aid

Medical cover will be provided by two vehicles, a paramedic level team in a rapid response positioned by default behind the Chief Commissaire and a paramedic level team in an ambulance at the rear of the convoy. The team all have direct communications to the emergency services. In emergency, the NEG can provide assistance.

Nearest Hospital (A&E)

James Cook University Hospital, Marton Rd, Middlesbrough TS4 3BW

Tel: 01642 850850

Feeding

In a change to UCI Regs, feeding from cars is now allowed from 30km (Liver-ton - first pass) and up to the 20km (Brotton roundabout - final pass) to go.

There is one marked static feed point on the exit from Saltburn which can be used on the 1st passage only for the women and all but the final, 4th passage for the men. Subject to Commissaire confirmation.

Feeding is only from the left hand side of the road, parking is available in the Leisure Centre Car Park opposite the feed area. All litter must be removed.

No feeding from the road side or parking at any other location.

Cut Off

To maintain effective traffic management, there will be dynamic control of riders falling back and any being too far in arrears (~10min) will be notified and passed by the broom/Commissaire and final Police vehicle. Any such riders falling outside of the escorted “bubble” must abide by the normal rules of the highway. Any such riders and those more than 10min down at the start of each lap will be withdrawn and directed back to the HQ (5km).

Deviation

A signed deviation will be in operation on the approach to the finish. Drivers of all vehicles except identified officials will be directed off the race route by a member of the NEG, going straight on at the point of entering the barriered area in Guisborough (~600m to go), see final 1km figure. The route back to the HQ will be signed.

Anti Doping Control

If present, anti doping control will be located in the HQ. The numbers of riders required will be displayed on the podium truck.

Results

This year, all the results will be uploaded online by the Chief Judge as soon as approved at the following addresses.

Men's Road Race: <http://tiny.cc/2019MRR>

Women's Road Race: <http://tiny.cc/2019WRR>

Awards

The top 3 overall plus the winners of the Mountain and Local Rider competitions for each race should present themselves in team clothing to the podium in a timely manner for the presentations and should present an image appropriate to the contribution of the sponsors and status of the National Road Series.

Awards not presented on the podium will be forwarded to the team manager of appointed representative post event. We will contact you for details for bank transfer.
